

## ANNUAL BANQUET OF BAPTIST CLASS IS GREAT SUCCESS

Fine Literary And Musical  
Program Is Enjoyed  
Tuesday Night.

GREAT THINGS OF  
LIFE EMPHASIZED

Strong Address Given By  
Rev. Foust, New Phila-  
delphia Pastor.

Members of the committee of ar-  
rangements for the annual banquet  
of the Brotherhood class of First Baptist  
church, are congratulating themselves  
today because of the highly  
satisfactory manner in which that  
event was celebrated Tuesday evening.  
A bountiful dinner, prepared by  
the women of the church was served  
by the young women.

Then came a program presided over  
by Earl Allen and including a piano  
duet, Miss Lois Roller and Harry Rol-  
ler; reading, Louis Pawcett, "My  
Doll," zylphon solo, Harry Roller,  
accompanied by Miss Roller.  
The speaker of the evening was  
Rev. W. W. Foust, of the New Phila-  
delphia Reformed church, who was  
introduced with a few fitting remarks  
from Rev. G. A. Beers. Mr. Foust  
spoke about the great things of life  
as follows:

"I want to bring to your minds this  
evening a few thoughts suggested by  
the scripture story of two men who  
approached the master and said  
they would like to be seated in the  
kingdom, one on His right hand, and  
other on His left. He said, 'Can you  
drink of the cup I drink?' and they  
said 'we can.' Then the Master said  
'You shall.'

Should Have Ambition  
"The Lord gave no indication of  
disfavor toward these two men. He  
saw something in that ambition  
which these fellows were made. The  
young man or the older man who  
lacks the ambition to do more, for  
that man there is little chance to do  
big things.

"You need to have an ambition and  
set a goal that is high and set your-  
self to attain that. You should have  
the ambition to do greater things  
than your father did. If not you, as  
a son, do not have the right stuff in  
you."

"It is not enough to simply have  
ambition. It must be trained. 'Are  
ye able to drink the cup that I drink?'  
Without stopping to think what it  
meant these young men said 'we can,'  
and the Master sealed it by saying  
'ye shall.' They did not know what  
was coming. They felt that his was  
the ideal future. It was a good thing  
for them that they should so choose.  
Whenever a young man says 'I can,'  
the great Father in Heaven looks  
down and says, 'Ye shall.'

"What are some of the great things  
we should be ambitious to accom-  
plish. It is a great thing just to live  
—just to be a man—just to do the

## BOOTLEG GRAFT CHARGES PROBED

Government Investigating  
Charge Of Attempt To  
Buy "Influence."

Washington, April 25.—Amazed by  
disclosures of whisky interests, re-  
vealing how "influence" has been  
sold for fabulous sums to the "suck-  
ers" in the bootleg fraternity, the  
department of justice today threat-  
ened a startling expose that may  
involve hundreds of persons, includ-  
ing both those who are now on gov-  
ernment payrolls and some who  
have posed as federal officers.

Charges of crookedness laid be-  
fore the treasury department by wet  
interests in New York, Chicago, Phila-  
delphia and other cities have  
aroused Acting Attorney General  
Seymour and he has announced that  
every facility at the command of  
the government will be used to hunt  
down and punish those who have  
"attempted to purchase influence" as  
well as those who have "promised  
to deliver such influence for pay-  
ment."

The inquiry of the department of  
justice is expected to be hastened  
by those who have been victimized  
in crooked deals. It is known that  
the department wants to make a  
thorough job of the charges, so that  
the administration can go before  
the people with a record of having  
purged the government's enforce-  
ment branch of graft.

## Dr. Wishart Urges Higher Education

Dr. C. F. Wishart, president of  
Wooster college, talked to the stu-  
dents of Salem high school Tuesday  
morning. His talk was much appre-  
ciated.

Dr. Wishart illustrated, by enter-  
taining stories, his idea of an edu-  
cated man or woman and stressed  
the value of a higher education. His  
final message to the boys and girls  
was to "obtain all the education they  
could for the evil that needs resis-  
tance, for the good that needs assist-  
ance, for the future in the distance,  
for the good that we can do."

## PREACHES PHILOSOPHY OF UNSELFISH SERVICE

Message On Rotary Ideals  
Brought By Wooster

The joy of service, the underlying  
principle of Rotary, as it is produced  
through struggle and achievement,  
in an unselfish sense was presented  
in a new light to Rotary club mem-  
bers Tuesday afternoon at the Elks  
club by Dr. Charles F. Wishart, pres-  
ident of Wooster university, as he  
drew a lesson from "Life as three  
poets view it."

The philosophy of Omar, the great  
Persian poet, Dr. Wishart said was  
to take the present, forget the past  
and defy the future, a philosophy of  
eat, drink and be merry. It is our  
business to be happy for the sake of  
others, the speaker said, but it is  
going to take 100 Stoics to maintain  
one whose business it is to be happy.  
It won't work socially, he said, be-  
cause the business of hunting pleas-  
ure as the supreme aim in life de-  
feats itself. "Happiness is the by-  
product of something nobler. We  
can't follow this philosophy and keep  
our appetite for it."

Rudyard Kipling's philosophy was  
to "fight harder the next day." The  
subjects in his poems toil and suf-  
fer that they may achieve. This  
ideal of achievement is all too rare,  
Dr. Wishart said, but it must be sur-  
rounded by certain safeguards or lim-  
itations because it degenerates into  
Prussianism. The test, he declared,  
is how to work for the mass of men  
instead of for you and me individ-  
ually.

Robert Browning, essentially the  
preacher's poet but often referred to  
as the puzzle poet, got joy out of  
life. His philosophy was achieve-  
ment through struggle, what Omar  
and Kipling sought, but struggle and  
achievement in an unselfish sense.

"Here is the Rotary ideal," said  
Dr. Wishart. "We get the most out  
of life and ourselves when we are  
serving. Christ came to minister, not  
to be ministered unto and I say there  
is the life."

Dr. Wishart was introduced by C.  
M. Rohrabough, chairman of the day.

## GOVERNOR'S VETO CHECKS 61 BILLS, ADDS SIX TO LIST

Demands Provision Be Made  
For Independent Nom-  
inations.

Columbus, April 25.—Threatening  
to summon the state legislature in  
extraordinary session unless provi-  
sion is made by the legislators for in-  
dependent nominations in munic-  
ipalities having a population of 2,000,  
or more, Gov. Donahay vetoed the  
Sullivan bill, which provides that a  
candidate defeated for nomination at  
primary election cannot subsequently  
become an independent candidate  
for the office by petition.

The governor also today vetoed the  
Liggett bill, which provides that nom-  
ination petitions for independent  
candidates must be filed not less  
than five days before primary elec-  
tions.

The governor vetoed the Rohe bill,  
for the reason, he said, "that it au-  
thorizes the levy of additional taxes  
outside all limitations without vote  
of the people." The governor said  
the bill would place arbitrary power  
in the hands of township trustees to  
purchase sites for park purposes  
without submission to the electors for  
approval.

Gov. Donahay added four more to  
his list of vetoes, bringing the total  
of measures disapproved to 61, when  
he killed the Taft bill, aimed at  
breaking up automobile "speed traps,"  
the Green bill, to permit unstandard-  
ized milk to be sold without label as  
to its butter fat content; the Ramey  
bill, to give county commissioners  
enlarged jurisdiction in the estab-  
lishment of sewer districts and the  
bill by Rep. Hill, Marion county to in-  
crease the jurisdiction of the probate  
judge of that county.

The McDonald bill, providing for a  
reappraisal of real estate in 1924  
and every eight years thereafter, also  
vetoed by Gov. Donahay.

## Changes Planned To Aid Veterans' Bureau

Washington, April 25.—Sweeping  
changes in the administration of the  
United States Veterans bureau—de-  
signed to assure better care and  
vocational training for World War  
veterans—has been decided upon  
by Director Frank T. Hines, it was  
announced today.

The changes include decentraliza-  
tion of the bureau's activities; con-  
solidation of overlapping authority  
and a gradual reduction of per-  
sonnel.

## Pastor Gives Sixth Talk To Young Men

"Your Boy and His Companions" is  
the subject of Rev. G. A. Beers' talk  
to the young men at the mid week service  
at the First Baptist Wednesday  
night. This talk is the sixth of a  
series of enlightening and helpful  
talks given the young men.

"Our children have great battles  
to fight, often tremendous odds are  
against them. The parent, the home,  
the church and the school must stand  
by them and help them to win out,"  
Rev. Beers states.

## FERREN WILL SEND HIS PRISONERS TO CANTON WORKHOUSE

Council Grants Authority  
Which Will Prevent  
Jail Release.

East Palestine, April 25.—Mayor A.  
W. Ferren has found a place to keep  
his prisoners where they will "stay  
put."

Instead of sending them to the  
county jail, where they might later  
be released by the county commis-  
sioners, he will send them to the  
Stark county workhouse, from which  
they cannot be freed without his  
official sanction.

This latest development in Mayor  
Ferren's fight against the commis-  
sioners, which came to a sensational cli-  
max this week when he made public  
a letter scoring them as "moral pub-  
lic" and charging them with being  
friendly to the forces opposed to pro-  
hibition, occurred last night when  
Mayor Ferren attended a special ses-  
sion of council, called by him yester-  
day.

Mayor Ferren asked passage of a  
resolution authorizing him to send  
liquor law violators to the Stark coun-  
ty workhouse, there to work out their  
fines at the rate of 60 cents a day.

Council without a dissenting vote  
passed the resolution, after which the  
mayor thanked them for their co-  
operation and the meeting adjourned.

The city of East Palestine must pay  
the Stark county authorities 60 cents  
a day for each prisoner confined, it is  
expected, be offset by the fines which  
are paid. The chief contention made  
by the commissioners has been that  
Mayor Ferren's fines were so high the  
prisoners couldn't pay them and so  
were sent to jail at the expense of  
the county.

rangements will be made to have  
them present on this day.

Children's day will be celebrated  
the second Sunday in June. The  
program for this occasion will be in  
charge of the Primary department of

Miss Leone Probert resigned as  
president of the American Legion  
auxiliary at the meeting Tuesday  
evening. Her duties will be assumed  
by Miss Juanita Litty, who was the  
vice president.

Following the meeting some time  
was devoted to making poppies, which  
will be sold for Memorial day. The  
proceeds will go to disabled World  
war veterans. The members will work  
on these poppies each meeting night  
until Memorial day.

## Tire Thief Is Fined. Sentenced To 30 Days

jointly indicted by the grand jury  
with William Neil of East Liverpool  
for stealing auto tires in Salem dur-  
ing the homecoming celebration last  
fall, will be allowed to plead to the  
indictment Monday.

Seckman was one of the chief wit-  
nesses against Neil, in his trial Tues-  
day in which Neil was found guilty  
and sentenced to pay a fine of \$100  
and spend 30 days in the county jail.

torney general of the United States,  
with offices in New York, has earned  
the title of "Champion Trust Buster."  
He has charge of the prosecution of  
violators of the Sherman anti-trust  
law. His most recent victory was the  
conviction of the members of the  
Sanitary Pottery association, in the  
federal courts in New York. He also  
convicted the tile trust and the terra  
cotta trust.

## SAM LEWIS FINED \$300 AFTER RAID REVEALS WHISKY

Police Search Benton Road  
Home, Mayor Commits  
Man To Jail.

A fine of \$300 was handed out by  
Mayor John W. Post Wednesday  
morning to Sam Lewis of the Ben-  
ton rd. when the latter was arraign-  
ed before him in police court on a  
charge of possessing liquor.

Lewis was arrested late Tuesday  
night at his home by a raiding party  
headed by Chief of Police T. W.  
Thompson. Chief Thompson appeal-  
ed to members of the citizens com-  
mittee for aid because of the fact  
that Officer Jesse Gray is off duty  
owing to illness. One member of  
the committee responded. The raid-  
ing party included Chief Thompson,  
Officer Bryn, Firemen Yarwood and  
Lewis and Mr. Titus.

Nearly a quart of raisin jack was  
found in the home and a barrel of  
raisin mash was found concealed  
beneath a coal shed in the rear of  
the home. Numerous bottles and  
jugs were found, all of which are  
said to have contained whisky. Sev-  
eral of these jugs and bottles were  
submitted as evidence at the hear-  
ing, in addition to the raisin jack  
and a quantity of mash.

Lewis was committed to the city  
jail and unless the fine is paid will  
be taken to the county jail at Lis-  
bon. He refused to comment on the  
finding of the whisky but declared  
he was using the raisin mash to  
make wine for his own use at home.

## Seasickness Puts End To Effort Of Non-Stop Dancers

New York, April 25.—Found: One  
thing that can stop "non-stop" dan-  
cing—seasickness.

Those eight intrepid dancing couples  
who started a "six-day dancing match"  
Monday midnight were at home re-  
cuperating following the untimely end  
of the marathon.

They didn't know the Atlantic was  
so rough. After dancing 12 hours  
in New York they toddled by craft  
to beyond the three-mile limit, to  
avoid police action and were going  
slumping to the floor or into chairs—  
and the so-called six-day dancing  
event was off.

## Troop Seven Has Ten First Class Scouts

Troop 7 now has ten first class  
scouts, Glenn Arnold and Henry  
Yaggi, Jr., having passed their tests  
in first aid and signaling Tuesday  
evening to Scoutmaster Parker Low-  
ell. Glenn Arnold is a charter mem-  
ber of Salem's youngest troop and  
has won recognition throughout the  
city for his piano playing ability,  
having played at meetings of the  
Chamber of Commerce and Kiwanis  
club. Henry Yaggi came to Troop  
7 as a transfer from Troop 3 last  
fall. The next regular troop meeting  
will be at the Community House at  
7:30 p. m. Friday.

## Suggestions For Home Play Week

Week, being fostered in Salem  
by the Community Service as-  
sociation, will be found on an-  
other page in this issue. They  
are given in the hope that  
mothers and fathers may be  
aided in their efforts to enter-  
tain the children. Other sug-  
gestions will follow.

## KEEP GOOD THINGS OF CIVILIZATION IS WISHART'S PLEA

Pass On Better Elements  
To Next Generation,  
Urges Wooster Man.

LINE TALK HEARD  
BY PRESBYTERIANS

President Of College Says  
Things Must Be Kept  
Off Old Glory.

Civilization to be permanent must  
put time and effort on conserving the  
things to be conserved, so that it may  
pass on to the next generation the  
better elements of the present gener-  
ation.

With this message, presented in  
masterly fashion and with the force  
of a man speaking his own convic-  
tions, Dr. Charles F. Wishart, pres-  
ident of Wooster college, held an  
audience of nearly 300 men and wo-  
men with minds intently fixed on  
every word that he uttered at the  
First Presbyterian church Tuesday  
night.

The address was delivered follow-  
ing the serving of a dinner by mem-  
bers of the Men's Brotherhood Bible  
class to some 250 members of the  
congregation and their friends. Ex-  
cellent music was provided by the  
church orchestra. The speaker was  
introduced by E. E. Enderlin, chair-  
man of the committee in charge.

Conserve The Good Things

Even though deprived of a home  
for many years, the Jew has main-  
tained his race intact, and has made  
his civilization the most permanent,  
tenacious and virile in the world's  
history, Dr. Wishart said, because he  
mastered the art of picking up the  
lessons of past generations and han-  
ding them down to the next gener-  
ation. His insistence on conserving  
the valuable elements in his civiliza-  
tion has made the Jew permanent.

"It takes as much effort to keep the  
good things that should be kept as  
it does to change the bad things,"  
Dr. Wishart continued. "It means  
a keen discrimination between the  
things that ought to be changed and  
those that ought to be carried on to  
the next generation."

"A white post does not remain  
white; it must be kept white. Great  
civilizations have fallen because they  
did not take the time and effort to  
keep the white posts white."

"Are we learning to paint our white  
posts?" the speaker queried as he  
applied the lesson to the America of  
today.

"Our forefathers turned their faces  
to God, cleansed their souls, cleaned  
their homes and their communities  
and then came here, not to worship  
gold, but to worship God according to  
the dictates of their own consciences  
—that is what made America great."

Up To America

Expressing the thought that the  
parents' greatest concern and con-  
stant thought is for the welfare of  
the child, the speaker said:

## CLARKE TO REPLY TO HARDING VIEWS

Former Justice Will Take  
Issue On The Proposed  
World Court Plan.

Youngstown, April 25.—Before leav-  
ing on a mid-west speaking tour in  
behalf of the league of nations, for-  
mer Justice John H. Clarke stated to-  
day that he would reply to President  
Harding's New York address yester-  
day on the world court and the league  
of nations.

"I should reply to the president's  
address in my Chicago speech tomor-  
row if it were not that my manu-  
script has already gone to the press."  
While I am in favor of the world  
court as is President Harding, I shall  
deal with the six-vote objection in a  
much different manner than that  
adopted by the president.

Justice Clarke declared the time for  
plain speaking on that point has ar-  
rived.

"I shall deal with the question  
whether the conclusion of the presi-  
dent with respect to the league of  
nations is in harmony with platform  
pledges, candidatorial promises and  
America's aspirations," said the jus-  
tice, "in my 'Minneapolis speech on  
Saturday night."

## CITY PROSPECTING FOR WATER SUPPLY ON WILSON STREET

Drilling Started Tuesday,  
Bristol Tells Water  
Conferees.

Drilling of additional wells to fur-  
nish an adequate supply of water for  
the city until a permanent solution  
of the problem here can be reached,  
was started Tuesday it was an-  
nounced by Service Director John B.  
Bristol at a joint meeting Tuesday  
evening of the city council and the  
water committee of the Chamber of  
Commerce.

Work on the first of two wells was  
started near the end of Wilson st.  
not far from a stone quarry. It has  
been reported several times that  
there was a good supply of water in  
this vicinity and the work of pro-  
specting was begun Tuesday.

If it is found that the supply at  
this point will come up to expec-  
tations, an additional well will be drilled  
immediately. It was announced  
by Director Bristol.

The need of these wells has been  
repeatedly stressed by the service  
director because the city faces an  
acute water shortage unless an ad-  
ditional supply is found to care for  
the needs until council decides upon a  
permanent solution here.

The meeting Tuesday night was for  
the purpose of discussing the various  
proposals submitted to city council  
and was well attended. Immediate  
action on the situation was promised  
by council as soon as a permanent  
solution can be agreed upon.

## HARRIS PUTS NEW LIGHT ON COUNTY INFIRMARY CASE

Superintendent Says Some  
Of Charges Are Too Tri-  
vial To Answer.

BERG SEEKS HELP  
IN OUSTER CASE

Commissioners Want Civil  
Service Ruling On  
How To Proceed.

Lisbon, April 25.—County Prose-  
cutor J. C. Hanley was requested by  
County Commissioner Conrad Berg  
late Tuesday afternoon to interpret  
that section of the Ohio code having  
to do with the removal of officials  
under civil service protection.

During the day Mr. Berg suggested  
to L. H. Johnson, clerk of the board,  
that he write the commission rela-  
tive to the proper procedure in ob-  
taining the retirement of a county  
employee under civil service, in this  
instance meaning Lyle B. Harris,  
superintendent of the county home.  
"If it's not all right we'll have to  
start all over again," commented Mr.  
Berg after the section had been scanned.

It was also pointed out to Berg that  
Harris is not removed from office  
and that he has 10 days after such  
removal to file an appeal with the  
state civil service commission. In  
the meantime Mr. Harris has filed  
with the board of commissioners a  
detailed explanation of everything  
that was said about the management  
of the county home in the survey re-  
cently filed with the board and also  
in the five affidavits that accom-  
panied the survey.

Harris' Statement

In this statement, Mr. Harris says:  
"I consider some of the charges of  
so trifling a nature that they should  
pass without comment, and that  
others will be put in a different light  
by a few words of explanation," Mr.  
Harris said in beginning his state-  
ment.

"The whole report deals too much  
with incidents in the management of  
the home and farm and not enough  
with results to be fair to the superin-  
tendent. I therefore beg to submit  
the following answer to the report of-  
fered by your committee."

"In making the reply, it can be no  
other than the same as that shown in  
the hearing of March 31, 1923, and if  
that hearing had been recorded by a  
stenographer as I requested the pres-  
ent answer would be unnecessary."

"On the acreage of the ground at  
the home I have no comment except  
that the Amanda Crowell 50 acres  
did not come into the possession of  
the county until July, 1922, instead of  
1921."

"So do not count on a crop from it  
in 1922."

Mr. Harris then reviewed at much  
length the various sections of the  
survey report which had been dis-  
cussed at the public hearing March  
31. This referred to the affidavits

## Sincere Affection

THE warmest welcome the presi-  
dent received on his return to the  
White House was from Laddy Boy,  
aristocrat of Airdales. So runs the  
press report of the arrival of Mr.  
Harding on Sunday, when he reached  
home after a four-week vacation trip  
in the south.

Any of you doubt it? Then you are  
not the owner of a dog, no matter  
what his breed. The Airdale is said  
to be a "one-man" dog; down at the  
bottom of his canine heart, every dog  
is that. He may be the most promi-  
nent and inclusive in his friendli-  
ness, willing to shake hands or do  
his obeisance to anybody, no matter  
whom, but down in his dog's heart of  
hearts, he has enshrined one man or  
one woman, or one boy, and to him  
or her he is loyal with a loyalty that  
knows no question.

When a dog welcomes home the one  
to whom he gives his affectionate, un-  
swerving fealty, it is no lip service  
he offers, no half-hearted or restrained  
joy he emits. He is sincere, ef-  
fusive, impetuous. When Laddy Boy  
greeted, not the president of the  
United States, not Warren G. Hard-  
ing, but the man he worships, if a  
dog may be said to worship anything,  
"he literally overwhelmed the presi-  
dent with his canine caresses, and  
bounced through the White House  
door, licking his master's hand."

Can't you see that picture? It is  
just the same as when Spot or Penny,  
Towser or Rags, or whatever his name  
might have been, welcomed you when  
you got home from school in the  
evening, or came back from a drive.  
No welcome, however friendly and  
cordial, ever excels in sincerity that  
the dog gives his master!

## The Visiting Nurse

THERE is work waiting for the vis-  
iting nurse each day no matter  
in what city she may be working.  
There are victims of misfortune to be  
helped in all cities and on each day  
that dawns. There are many suf-  
ferers in places large and small whose  
burdens would be increased but for  
the visiting nurse. The need for the  
visiting nurse is large in cities where  
there are tenements, where the help-  
less have congregated in large num-  
bers, where there is much of squalor  
and human misery at all times.

Fortunately Salem has no tenement  
district and no large number of help-  
less human beings, but there is a large  
work in this city for the visiting nurse.  
There are many sick babies, many  
lingering cases of affliction, many  
people in old age suffering and nearly  
helpless. But for the visiting nurse  
they would be without proper care,  
their lives would be gloomy and their  
days full of sorrow. It is a work that  
lightens the burden of human misery,  
that cares for the unfortunate, that  
puts something of cheer into lives  
that are under the shadow, the sort  
of work that would appeal to the im-  
pulses of generous souls.

## 20 YEARS AGO

(Issue of April 24, 1903.)

Erma, eight-year-old daughter of  
Mr. and Mrs. O. J. Asbury, East High  
st., who underwent an operation this  
morning, is critically ill.

Judge J. A. Ambler, this city, and  
granddaughter, Miss Mary McNab,  
Youngstown, who have been in Manila  
for several months, will sail for home  
about June 1.

The Citizens Savings & Trust Co.,  
which was recently incorporated, will  
be actively in the business field this  
fall and will be quartered in its new  
home.

W. E. Hill and family left Thurs-  
day night for Allentown, Pa., to make  
their home. Mr. Hill is chief clerk  
of the plant of the American Steel &  
Wire Co., of that city.

Eight rooms at the Greiner-Brain-  
ard hotel have been engaged by out-  
of-town people who expect to attend  
the Grant day celebration banquet  
here.

About a dozen members of the Sa-  
lem Gun club were at the shooting  
grounds Thursday afternoon for prac-  
tice work. Some good scores were  
shot, the best being 20 out of 25.

Mrs. Mary E. Rukens, wife of the  
late Dr. E. P. Rukens, died Thurs-  
day evening in Columbus, Sta.

was married here Easter Sunday,

1900. While fishing in a creek north of  
the city, Albert Eek landed a fine cat-  
fish, probably the first one caught in  
this vicinity for some years.

Maggie Webber and William P.  
Bailey, both of Salem, have been  
licensed to wed. Rev. Casper Stan-  
ley will officiate.

The Pennsylvania is experiment-  
ing with a new form of telegraph in-  
strument. The speed is much greater  
than by the old method.

## Hobson To Address Goshen Farm Bureau

An address by C. E. Hobson, of the  
City Savings & Trust Co., of Alliance,  
will be a feature of the meeting of the  
Goshen Township Farm Bureau  
Thursday evening at the Damascus  
High school.

Mr. Hobson's topic will be "The  
Farm Credit Bill—The Land Bank."  
Other articles will be "The Results of  
Lime on Pasture Land," by Mil-  
ton Wallace, and a discussion on  
"Raising Chickens the First Three  
Weeks."

The boys of the agricultural de-  
partment will contribute a stunt and  
music will be furnished by the girls  
of Damascus High school.

will resume operations in the near  
future. This plant was operated dur-

As Many a Salem Reader Knows Too  
Well

When the kidneys are weak,  
Nature tells you about it.  
The urine is nature's index.  
Infrequent or too frequent passage,  
Other disorders suggest kidney ills.  
Doan's Kidney Pills are for disor-  
dered kidneys.

Salem people testify to their worth.

Ask Your neighbor!

Arthur Sims, machinist helper, 96  
Lincoln ave., Salem, says: "A cold set-  
tled on my kidneys. It was while  
I was in the Merchant service a few  
years ago, plying between all parts  
of the world, that I caught this cold.

I was exposed to all sorts of weather  
and doing seaman's work was a strain  
on my back. To stoop at my work  
or lift anything, caused sharp pains  
to shoot through the small of my  
back. I had to pass the kidney se-  
cretions often during the day. I  
started to use Doan's Kidney Pills,  
as I knew they were good for kidney  
weakness and after taking one box,  
my kidneys began working regularly  
again and I had no more backache."

## Library Offers Stories To Tell Your Children

When daddy comes home from work and little folks and big folks have had supper, is the day ended and are the little folks to trot off to bed so as to leave papa and mama with an undisturbed evening?

Better to send them supperless to bed than to send them off without a romp and a story, says Community Service, and all who remembered the half hour before bed time when they were little will say "that's right."

And now, what shall we do? Perhaps if all the stories have been told until they are worn through just like a little boy's stockings after a hard day, the mother has been up to the library and found just the book to re-

## What To Make For The Children.

Hand work in the home forms a very valuable part of home recreation and education. A few suggestions follow:

Age 4 to 6—Sand moulding, paper cutting, paper folding, drawing, coloring pictures.

Age 7 to 10—Kite making, gardening, basketry, modeling in clay, toy making, constructive cardboard work, doll furniture.

new her stock of tales for "The sleepy children time." Mothers with little folks who hunger for stories will find just the help they need at the library.

And what is the dad's part? Just to look on and smoke his after dinner cigar? Not much, if he is a dad up to specifications! He is going to have a real romp with the youngsters and after his hair is mussed and sleep comes stealing on to the little folks he is going to take a tired and happy little lad off to dreamland.

their children, the speaker put to his audience this question: "What good is a fine home going to do our children in 50 years if they must live in a country of anarchy, Bolshevism, treachery and corruption? It is up to America to preserve the best in its civilization for future generations.

"If the old world is to be saved it can't be done by any other country but America."

Dr. Wishart's closing plea was for the people of today to have the vision and to realize their responsibilities to keep stains and blurs off Old Glory that it may continue to represent the better elements in our civilization.

## GOOD HEALTH SECRET OF BEAUTY

Beauty lies in the care a woman bestows upon herself and in keeping at bay these dread ailments peculiar to her sex, which drag her down and leave telltale traces upon her countenance. Sparkling eyes, the elastic step and a clear complexion never accompany organic troubles. Distressed expressions, a sallow complexion, dark circles under the eyes, lassitude, headaches, and mental depression are the telltale symptoms of women's ailments. Women so troubled should not lose a day in taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, the most successful remedy known to overcome woman's ills and restore health and beauty.

Lorain — Jacob Czaska is being sought by officials after hearing accounts of how he had tortured his 12-year-old son. The boy testifies that his father chained him to the floor of their home for long periods and hid his shoes so that he might not leave house nor play with other children.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

Bardge R. Fawcett, of Salem, has filed a suit in common pleas court asking for the partition of the estate of the late W. G. Fawcett, and naming Ida A. The plaintiff states that Fawcett was he owner of three tracts of land in Salem and other valuable property; that it has been in the possession of Ida A. Fawcett since his death, and in addition to the partition of the estate he also asks that an accounting of the rents and profits of the estate be made by Ida A. Fawcett.

## GROOM TRACK MEN FOR COUNTY MEET

Salem High's Squad Gives Promise Of Capturing Honors At Lisbon.

Salem High school's track squad stands an excellent chance of coping honors at the annual interscholastic meet of county schools to be held May 12 at Lisbon, judging by the quality of the material on hand in practice events.

1922 squad which tied for the meet last year, was lost from the last year, that being Alexander, discus thrower, Coach Douglas Vivian has replaced him with Wood, Bingham and Yengling from the 1922 squad around which to build a championship team this year.

Roscoe will be entered in four events, the high jump, pole vault, javelin throw and shot put. He is expected to lead the way in both the high jump and pole vault inasmuch as he ran second to Hawkins of Columbiana, winner in each of these events, last year. Hawkins was practically the entire Columbiana team last year and was high point man of the meet.

Bingham will be entered in the sprint events and the broad jump. Woods is listed for the 440, 220 and possibly the 100 yard dash. His work last year enabled Salem to tie in the meet. Yengling is expected to furnish plenty of opposition for other schools in the discus throw. His absence in the county meet last year was very noticeable as with a few points scored in this event, Salem would have won the meet.

In addition to the veterans of 1922, Coach Vivian has a number of promising candidates on hand this season. Rutzky and Sartick are expected to place in the mile run and Greenamyer is being picked for the shot put. Sheehan, crack 220 runner will be ineligible.

Coach Vivian has announced an interclass track meet for Friday afternoon at Reilly field. This is expected to give him an insight as to what he can expect at the county meet.

Entries for the interclass meet will be received by Coach Vivian after Wednesday evening. Officials will include members of the faculty of the school. The meet will start at 2 p. m.

## MASONS' BASEBALL TEAM ORGANIZES

Al Saunders Is Appointed Captain, Clyde Reich Manager.

First call for practice for members of the baseball team that will represent the Salem Masonic lodge this season was issued at a meeting Tuesday evening in the Masonic hall.

All candidates for the team have been asked to be on hand for practice Friday evening at Reilly field.

Al Saunders was named captain of the team at the meeting Tuesday evening. Clyde Reich was selected as treasurer and John Douth secretary.

A schedule to include games with out of town Masonic teams will be arranged immediately. A series of games with the East Liverpool Masonic team is in prospect.

New uniforms will be purchased for the team this season. Nearly 20 candidates for the squad are expected to be on hand for the initial session Friday evening. The lodgemen expect to have practically the same team that represented the lodge last season.

## Newburg Hospital Fire Routs Inmates

Cleveland, April 25.—Authorities today attributed the fire late yesterday at Newburgh state hospital for the insane to defective electric wiring. A panic was avoided by a quick-witted attendant, who led the patients to safety, while firemen extinguished the blaze.

## ANNUAL BANQUET

(Continued from first page.) things that come to us from day to day. The teacher has a tremendous task, impressing the things he does daily, and leading the future men and women. Great also is the responsibility of the Sunday school teacher who lays the foundation of the character.

**Greatness Of Manhood**  
"Consider the greatness of manhood. Who of us here tonight would dare say that he has been the son that he ought to have been? Have we the reverence, love and obedience to a mother who has come down to the very brink of life that you and I might be here? When we think of her who has put her all in our keeping, her whom we have promised to love and cherish, we realize it is a God-given task."

"What a task has a father! How often have I felt myself unworthy of the tiny arms that twine around my neck. Do you measure up to the ideals you cherish for your child? Have you been disgruntled, crabbed and sour because of some little misunderstanding? It is a great thing to be a man, and it just as great a thing to be a woman."

"It is a great thing to think. In the mountains of Tennessee a mountaineer was asked what he did through the long winter. He replied 'we just sit and think, and some times we just sit.' There are too many of us who 'just sit.' Thinking is a tremendous thing. It will take you out into the fathomless mystery that the human mind has never been capable of explaining."

"There is a greater thing than all these. Just to be a friend. It takes a great deal of grit to go to a man and confront him with his error, to show him where he is wrong. There is still a greater thing; it is to grasp the cup of the discipleship. What does it mean? They were to join the Master in His oneness with God. The world is to see in the Christian, the ideals the love of the father, the plans, the great eternal purposes that run down through all the ages. As I look down the centuries I behold the lonely man as he walked over the hills of Palestine."

"What a risk God takes with you and me when he places in our hands the things that he has given to us. He took a great risk when He told Satan he could do anything with God, but take his life. Why do the temptations swing so low? It is the testing. God is taking a chance? He has confidence in us. When we realize someone has confidence in us, we invariably do our best to live up to that confidence."

"Let us grasp the cup of discipleship and follow the Master in triumph to eternal glories. It does not depend on our strength of arm, it is the strength of the Omnipotent."

The evening program was ended by the following members: Violin solo, W. H. McCartney; vocal duet, Mrs. A. G. Davis, East Palestine; and Miss Emalya Hanson; reading, Louis Fawcett, "A Daisy of the South"; piano duet, Miss Rolfer, and Mr. Rolfer; toast, A. G. Davis, East Palestine; "How to Run the Brotherhood Class"; vocal solo, Miss Anna May Beers; reading, Mr. Fawcett; song, "Stand Up For Jesus"; benediction, Rev. Beers.

## EAGLES PRESENT SAME FAST TEAM

Aerie Appoints F. Scullion  
Captain, Richard Myers  
Business Manager.

With practically the same team that made such a good record last year intact for the 1923 season, Quaker City aerie No. 216, Fraternal Order of Eagles, expects to put a team on the field this season that will be included among the best in this section.

The lodges have already held several practice sessions and have announced that several out of town games have been booked. It is planned to enter the proposed league of industrial and fraternal teams being organized through the Salem Community Service association.

Richard Myers was named business manager of the team at a meeting Monday night and Frank Scullion will manage the team on the playing field.

The Eagles last year boasted of one of the best amateur teams in this district and with the addition of several players, expect to better their 1922 record.

Among the candidates for positions on the nine are Smith and Vincent, the latter an ex-league player, catchers; Fisher and Powell, pitchers; Wickline, first base; H. Fisher, second base; C. Scullion, shortstop; F. Scullion, third base, the Shepherd brothers and Scullion, outfielders. Several other players have also signified their intentions of trying for the team.

Practice was held Tuesday night and another session will be held Friday. It is planned to hold two practices weekly, Tuesday and Friday nights.

## HARRIS PUTS NEW

(Continued from first page.)  
presented by five men supplementary to the report of the survey.

Mr. Harris, in his closing statement to the commissioners said:

**Difficult To Get Help**  
"In the last few years it has been almost impossible to obtain experienced farm help to keep crops as free from weeds as they could be—nor have I considered it necessary to pay the high prices for the help to obtain this result on our large acreage."

"We have to employ four women as cooks, etc., around the institution. To get single women to fill these places far out in the country has been almost impossible, and we have often been driven to employ both man and wife, although the man was inexperienced in farm work in order to get a cook."

"Your committee recommends considerable changes in the farm buildings, practically all of which were apparent to me on looking over the buildings on my arrival, and which I have discussed with the commissioners from time to time, but high building prices have made changes prohibitive."

"Any funds which we have had to use in improvements had been used in making more sanitary and comfortable quarters for the inmates, whom we consider have prior claim in all cases."

**Comfort of Inmates**  
"We consider the primary function of an institution of this kind is the welfare, comfort, and care of its inmates, and that this be administered as economically as possible."

"I am making this answer at this time in order that it may be forwarded to the state civil service commission, and a hearing may be had on the same, as a controversy of this kind cannot help but be hard on morale of the institution, loyal as its help and inmates may be to the management."

"I therefore request that this answer be sent to the board of civil service at once."

## S.S.S. stops Rheumatism

And with it pain and its probability of reaching the heart.

"Rheumatism? No? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glory."

"My Rheumatism is all gone."

again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bend way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you. There is a reason why S. S. S. will help you. When you increase the number of your red blood cells, the entire system undergoes a tremendous change. Everything depends on blood strength. Blood which is minus sufficient red cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run-down, tired men and women, beautifies complexion, makes the flesh firmer. Start S. S. S. today. It is sold at all good drug stores. The larger size is more economical.

## JERSEY BREEDERS HONOR WHINNERY

Followers Of Famous Hood  
Farm Breed Name Salem  
Man Secretary.

Willis Whinnery of Salem, and Mrs. Florence L. Heberding, and Randall Anderson of near Youngstown, have returned from Lowell, Mass., where they were interested witnesses at the great dispersal sale of Jersey cattle on the Hood farm near that city.

Hood's strain, the celebrated Sopha Tormentor family, for more than 20 years has been the head and front of Jersey breeding in the United States. One hundred animals were sold at the sale Saturday at an average price of \$700, highest price being paid for a young bull which brought \$15,000.

Prior to the sale followers of the Hood farm breed met and organized the Sopha Tormentor club with 30

members, residing in every part of the country. Officers are: W. K. Keenan, of Lockport, N. Y., president; Mrs. Florence L. Heberding, Youngstown, vice president; Willis Whinnery, Salem, secretary and treasurer.

## BOOM DAYS COMING TO GAVERS AGAIN

The old village of Gavers is about to blossom forth again as before. This old town is situated in Wayne township, five miles and a half south-east of Lisbon on the Lisbon-Salineville improved road.

For 40 years or more a postoffice was maintained there. A general store, a blacksmith shop, a large saw mill and a grist mill were in operation. With the coming of free rural delivery the postoffice was abandoned, the store closed and the mills stopped running.

Last week, a Mr. Hood, formerly of Florida, purchased the old William McCord property there and states

that he will erect a general store, a gas filling station and a garage. He expects to begin work at once.

The Wayne township grange hall is also located in the site of the old town.

OfficeFLAMES THREATEN  
FRANKLIN SQUAREFire Spreads After Lumber  
Pile And Storage Build-  
ing Are Destroyed.

Franklin Square, April 23.—(Sp.)—This village was threatened with destruction by fire when the old Marshall homestead just north of the Erie was burned Saturday afternoon. Section men had been fighting fires along the track all forenoon and Marshall had worked a couple of hours along their property and felt safe to leave and go back to their work.

In a short time fire had spread back up to a wood and sawdust pile east of the house and soon the building was ablaze. It was used as a storage for farming implements, berry crates and choice lumber—cherry, chestnut and walnut. The loss is considerable as several piles of lumber in the yard were burned.

The high wind carried sparks a great distance, setting two fires further up the street. The only thing that saved the homes in that side of town was the distance and the strong wind slightly to the east.

Less than a half hour after the first alarm Freeman Dickinson's roof was discovered on fire but had not gained much headway when seen and was easily put out with little damage to the roof. It was supposed to have started by a spark from a bonfire in the yard earlier in the day.

George Cobedash lives on the creek road and moved there. Mr. Shinn will make his home with his sons Charles and Joseph who live near.

John Marshall is employed in the office of the Leontina Tool Co. and will spend most of the summer helping his father with the farm work.

Miss Mary Marshall is employed in the office of the Leontina Tool Co. Mrs. Walton Ferguson left here Saturday morning for a short visit in Leontina and Salem, expecting to start for Florida Sunday.

Mr. and Mrs. John Haskins were week end guests of relatives.

Dan Weikart is working in Canfield.

Mr. and Mrs. Ben Exten, Miss Ida and Carlisle Davis of Wadsworth were guests Saturday and Sunday of his parents.
